

## **Lull Telehandler Part**

Lull Telehandler Part - Lull telehandlers have been supplying precision load placement ever since 1959. Whether the task requires landing loads on scaffoldings, transferring loads or positioning heavy steel, utilizing a Lull telehandler would help make the task go easier and faster. These units are complete along with the patented Stabil-Trak stability system so as to ensure operator confidence.

The horizontal placement system by Lull could provide eighty inches of boom travel for precision placement functionality. There are also several optional Lull attachments for their telehandlers so as to help do whichever work.
